Was anyone else involved?

yes - unless the grotto was torn down and rebuilt new, small units of the disease remain. Has that been checked by the County Health Department?

Who else saw what happened?

Exposure to disease, any disease, destroys the immune system. When too much disease exposure has been absorbed by the body, we end up in the hospital sick needing treatment to get better or the result can be death. It depends on how much disease has been exposed to the body.

President Trump is a man that travels extensively. This exposure to Legionnaires' will at some time in the future cost him his health, his career, his businesses, his Presidency, his life.

State what you want the Court to do for you and the amount of monetary compensation, if any, you are seeking, and the basis for such compensation.
